INFORMATION
LEAFLET

Your Reliable Partner

RUGGED, INTEGRATED FRONT GRILLE

PURPOSEFUL, ASSERTIVE STYLING WITH IMPROVED AESTHETICAL INTEGRATION AND AERODYNAMIC EFFICIENCY.

ENGINE

Reliable engines with a Euro 3 rating provide uncompromised power and fuel economy.

ENHANCED MANUAL TRANSMISSION for better fuel consumption and vehicle performance.

CAB DESIGN

The cab has been completely redesigned for driver comfort, utility and ease of entry and exit.

IMPROVED CHASSIS DESIGN for better body mounting.

WHEEL AND TYRE

Standard with tubeless tyres to offer longer tyre life and improved safety margins.

BIGGER FUEL TANK

The fuel tank has been increased from 100ℓ to 150ℓ for a longer driving range (916 only).

THE NEW HINO 300 IS BUILT FOR LOADS AND LOVED BY DRIVERS. FEATURING ADVANCED SAFETY, CONVENIENCE AND TELEMATICS FEATURES, IT OFFERS THE COMPLETE TRANSPORT SOLUTION.

Make light work of moving loads in the Hino 300 Series. With the option of an automatic transmission on all models, a spacious interior, standard comfort features such as air conditioning and Bluetooth audio; jobs are delivered on time every time.

That's because drivers have complete peace of mind through the standard fitment of ABS brakes and airbags, as well as Hill-Start Assist and Daytime Running Lights. There's convenience for owners and fleet managers, too, through the standard fitment of HINO-CONNECT, a full fleet management telematics solution as well as flexibility in structuring your Hino 300's Service and Maintenance plans.

BLUETOOTH RADIO

All models are equipped with an AM/FM radio that is enhanced with Bluetooth audio connectivity

AIR CONDITIONER

Keeps the driver cool and alert by improving in-cabin comfort and therefore vehicle safety.

AUTO GEARBOX

All models can now be ordered with a 6-speed automatic transmission for complete driver comfort, decreased operating costs and clutch wear.

STANDARD SAFETY FEATURES

The safety of your crew ensures the completion of the job. Therefore, all Hino 300s are fitted with driver and passenger airbags, as well as a seatbelt indicator light and warning buzzer. The addition of Hill-Start Assist enables easy uphill starts.

Daytime running lights make a strong visual statement and provide optimal visibility at all times. The front cabin pillars are also thinner for improved visibility; and an anti-theft system will make sure your Hino 300 will remain where it belongs.

ANTI-LOCK BRAKING SYSTEM (ABS)

Maximises driver control during emergency braking across all road surface conditions.

COLLAPSIBLE GEAR LEVER

A simple innovation that enhances the driver's freedom of movement in the cab.

DRUM BRAKES

Auto-adjusting drum brakes provide optimum braking capability, whilst ensuring low operating and maintenance costs.

MULTI-FUNCTION DISPLAY

A Multi-Function Display showing two independent trip distances, current and average fuel consumption and display settings.

HINO-CONNECT

HINO-CONNECT is a telematics fleet management system equipped as standard on all new Hino trucks in South Africa. It provides fleet managers with positional data for vehicle tracking and recovery, fuel consumption, oil and water temperatures, as well as fault reporting directly to Hino SA for more efficient servicing. Information is stored for 5 years, of which the last 6 months' is available immediately. The result is less downtime, detailed vehicle monitoring and a more detailed service history.

ALSO AVAILABLE IN CREW CAB

Comfortably transports five passengers and an impressive load of cargo. Available as 714 LWB AT, 816 LWB AT and 916 LWB AT.
